

# 2018 CSCA National Specialty Photo Contest & Rescue Parade

## **2018 CSCA National Specialty Photo Contest**

Get your cameras out or always make sure your phone is handy and the camera app ready because the 2018 CSCA National Specialty is just months away. Halloween, Christmas, Valentine's Day, St. Patrick's Day, all times for dressing up the dogs. Then, of course, there are the "normal" times to take photos of this photogenic breed. Here are the categories:

- Clumbers Playing
- Dirty Clumbers
- Clumbers at Work (this can be in obedience, nose work, barn hunt, agility, therapy dogs, as well as hunting)
- Best Dressed Clumbers
- Clumber Puppies
- Clumbers in Weird Sleeping Positions (*Clumfortable*)

A special e-mail address has been set up for these photos: [cscsca2018photos@yahoo.com](mailto:cscsca2018photos@yahoo.com). When you send your photos, please include the name of the dog and a tidbit of interest so that when the winners are announced, more than just the name of the owner and the dog can be included.

This year there will be an "In Memoriam" display. These will be pictures of Clumbers who have gone to the Rainbow Bridge. These will NOT be voted on. When you send these in, please include a couple of sentences about what made the dog so special. Send photos and info to the same e-mail address as for the photo contest

## **2018 CSCA National Specialty Rescue Parade**

The Rescue Parade for the 2018 CSCA National Specialty will be a part of the gala event the evening of April 4, 2018.

To further highlight Rescue & Placement, I am asking that anybody who has or had a rescue Clumber please send pictures with a brief history. As with the memorial, these will be displayed, but NOT voted on.

I would like to get a list of who will be at the 2018 National Specialty with their rescue dog for the Rescue Parade. As the time gets closer, I will be contacting all attendees with more details.

As a part of the parade, I would like to put together a short presentation that will be projected as we get attendees and dogs organized and lined up. For this I will need more photos so as not to use the same ones that will be on display. If you can do it, a short video on your rescue

experience would be great to have as well. Please use the same e-mail that is set up for the photo contest.

Thank you and I look forward to seeing all the photos and reading all the blurbs.
